Player Appearance & Clothing

Players are **required** to maintain a realistic appearance for roleplay purposes. This includes clothing, ped attributes, characteristics, and tattoos.

The following are **not** allowed under any circumstances:

- Invisible or missing body parts
- Checkered (no texture) clothing, with the exception of shoes
- Unrealistic or inhuman ped drawables, e.g. alien suit / sasquatch
- Borderline GTA-5 Online 'Try-Hard' Outfits

All players should keep in mind this is an **18+ roleplay** server and characters should be dressed and customized _reasonably_ to what most people would wear in real life.

Anyone who fails to abide by this standard is subject to immediate punishment.
