

Los Santos Department of Sanitation

To start a Sanitation job, open your phone via F1 and click on the Job Centre App Job Centre: Scroll down to 'Los Santos Department of Sanitation' and select it.

Once you've selected the job, head to the Sanitation depot radar_garbage2. Go inside the building, and you will see a yellow circle behind a desk. Walk up to it and select 'Clock in'. From there, another circle will appear at the front door. Walk up to it and select it, you will be able to get your trash truck.

You will then receive a waypoint to your first stop. Drive to that location and you will see a yellow circle surrounding your designated trash bin. Back your truck up so your back end faces the trash bin. Get out of your vehicle and begin collecting trash. Press E to pick up a bag, and then 'E' again to place it into the trash truck. You will receive a message to get back into your truck once you've collected the necessary trash for the stop along with payment. You will then receive another marker for your next stop. Repeat the process above. There is 10 stops per run.

Once you've completed all the stops, you will be directed to return the truck back to the depot. You will see a red truck icon radar_garbage2 on your map of where the truck needs to be delivered. Once you get to the location, there will be a circle. Drive your truck inside it and press E to return it.

Note: This job can be done with friends! Payment will split whether you decide to split picking up the bags.
